UNIVERSITY OF RICHMOND
SCHOOL OF ARTS & SCIENCES
Department of Biology

Home | About | Courses | Research | Outreach | Study Model | Faculty & Staff | Contact Us

The Department of Biology offers students the opportunity to study the living world, from biomolecules to ecosystems. Knowledge of biology is critical for addressing current medical, environmental, and social issues in our rapidly changing world.

Faculty Highlights

New Article
Dr. Fred Omgren and colleagues published "Do expert hunters make all-invested predators less likely to lose sight of naive offspring?" in the journal *Behavioral Ecology*.

New Article
Dr. Jay Rosenfeld published an article about his research on why "cheaters" in the wild, or "rogue" in the *Journal of Animal Ecology*, *Evolutionary Anthropology*, *Science*.

Biology Feature Stories

David Raboin, '04
David founded a startup company that focuses on drug molecular genotyping.

Tyler Hale, '15
Tyler uses a multidisciplinary approach to research.

Integrated Science Experience
Using a multidisciplinary approach to design a combined curriculum.

Amy Trivette
Amy's graduate research in Togo was a highlight from her career.

Living-Learning Programs

Home | Summer Session in Residence | Communities | Faculty Profiles | About Us

Living-learning communities offer opportunities for students with common interests to live together and share learning experiences that extend beyond the classroom. Students connect with their studies on a deeper level and create lasting friendships with classmates and faculty.

SSR Capstone | Local to Global 2.02 | Old Book, One Bedroom | New Sports

2014-2015 Sophomore Scholars Travel

Living-Learning Features

- Raeel Ponnambalam, '18**
A yearlong SSR, two internships, and a summer of research in an interdisciplinary program helped Raeeel Ponnambalam explore his further rights.
- Dhruvin Lim, '18**
Junior takes a number of paths to explore education industry.
- From San Juan to Richmond**
Living and learning in urban America.
- Capstone Fuels Creativity**
Students create technology-based solutions for cognitive challenges.

Living-Learning Events

- 09** **Stories of Work, Life, and Fulfillment: SSR Capstone Presentation**
1:00 PM - 2:00 PM
- 10** **Reading to Live: SSR Capstone Presentation**
1:00 PM - 2:00 PM
- 10** **Business of Science: SSR Capstone Presentation**
2:00 PM - 3:00 PM
- 10** **Global Health: SSR Capstone Presentation**
2:00 PM - 3:00 PM
